LECTURE AT SMITH'S HALL .- HENRY LEE. fugitive from Virginia, will deliver an address at Smith's Hall, on Friday evening, January 6th. Subject : "The Future, and Elevation of the Freedmen." Lecture to commence at 7 o'clock.

Mr. Lan has been struggling with adverse circumstances to obtain an education, and has been studying some four years at Oberlin. He has recently brought off from within the rebel lines, a sister and three children. These facts perseverance and energy, and these traits devoted to self culture, and his efforts to confer upon his oppressed race the blessings of a free civilization, would seem to entitle him under ordinary circumstances, to favor and encouragement. He however, has something more to commend him as a lecturer. His experimental knowledge of Slavery, his intelligence, and readiness as a speaker-we are informed give to his lectures more than ordinary interest.

CAPT. GART A PRISONER .- We learn with some emeers from a writer in the Cleveland Herald, a member of Battery C. that our respected friend Captain M. B. TAR CORDIAL!

IN THE BEST REWEDY FOR THROAT AND LUNG

DISEASES.

It is the vital principle of the pine tree obtained by a peouliar process in the distillation of the tar, by which its highest medical properties are retained.

It is the only asts and reliable remedy which has ever been

repard from the juice of the pine tree.
It invigorates the digestive organs and It strengthens the arbilitated system. It purifies and enri end, and expels from the aye on the corruption which scrottle breeds.

It dissolves the muous or phlogm which stops the air pas sages of the lungs.

Its healing principles set upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving

pain and subduing inflammation.

It is the result of years of study and experiment, and it is offered to the afflicted with the positive assurance of its power to cure the following diseases, if the patient has not too long delayed a resort to the means of cure: Consumption of the Lungs, Coughs, Sors Throat and Breast, Bronchitis, Asthma, Whooping Cough, Diptheria, and is also an excellent remed for Diseases of the Kidneys and Female Complaints.

Have you a cough? Have you a sore throat? Have you any of the premonitory armptoms of that most fatal disease Consumption? Those who should be warned by those sym ome generally think light of them until it is too late. From this fact more than any other, arises the sad prevalance and fatality of a disease which sweeps to the grave at least one sixth of I eath's victims. Consumption has destroyed more of the human family than any other disease, and the best physicians for many/years have despaired of a cure, or a rem edy that would heal the lungs, but for more than two hun dred years the whole medical fraternity have been impresse that there was a mysterious power and efficiency in the Pine Tree Tar to heal the lungs; therefore, they have recommen od the use of Tar Water, which in many cases had a good of feet; but how to combine the medical proper ies so as to hea

The Tar Cordial, when taken with Dr Wichart's Dyspepsia Pills,

Is an Unfailing Cure for Dyspepsiu

Ma Wishart:—I wish to add my testimony to the hundred you receive to the healing properties of your Pine Tree Cordial. For fifteen years a sufferer, ten years of that time I have slept only in my chair, not being able to lie down for fear of softocation. I have employed seven of the best physicians in Philadelphia, who all pronounced my case incurable. I was taken to the College, where the Faculty having done what they could, declared my disease an incurable case of Asthma and Chrosic Dyspepsia in its last stage, and that my lungs were partially gone. Finding one of your circulars, my wife procured from your store a bottle of your Cordial. Ferseveringly I used seven bottles, and a bex and a half of your Dyspepsia Pilis, when I felt that my disease had wholly given way, and the Cordial had given me new vigor and strength. I continued to improve, and for the past three months I have been able to sleep in my bed as soundly as I ever did. I am now we'll, and have gained twenty-five pounds in my weight I am able to work and provide for my family. I send you this true and faithful statement for the benefit of the saffering. Friends, call and see me, near Oxford Church Post Office, Twenty-third ward, Philadelphia.

Wishart's Pine Tree Tar Cordial.

The Great Remedy for Consumption.

Dr. Wiswart—Deer Sir.—One year ago the Examining Surgeon of this district told me I had consuption of the Lungs, and that I could not be cured; and judging from all my symptoms at that time, I myself supposed this to be true. I was for more than one year troubled with a hacking cough, which gradonly grew so bad that I could not have a severe fit of coughing without suttling un blood in large quantities. which gradually grew so bad that I could not have a severe fit of coughing without spitting up blood in large quantities. For mouths I could not work at anything, and was chilged to keep my bed most of the time. While in this condition I was in Mr. Rawbotham's store, in this city, and he, seeing how low I was, recommended me to try your Pine Tree Tar Corrial. He said he had sold a great deal of it, and that, as it had cured as many others, he believed it would do some good. I bought a bottle and commenced using it. In a very short time I saw that I was getting better very fast, and after taking several bottles I was entirely restored to health, as that I could work every day at my business, which is very heavy work, in an iron foundry. When I commenced to use your Pine Tree Tar t ordial, my weight was only one hundred and thirty five pounds; since the use of it I have weighed on an average one hundred and fifty-five. I shall be glad to have your publish this, as I believe I should not have been living at this time if I had not used your great medicine, and I wish all who suffer to receive its benefit

Coughs of Long Standing Cured.

We received the following from Utica, M. Y. DE. WIREART—Dear Sir :—I take pleasure in informing you through this source, that your Fine Tree Tar Cordial, which was recommended for my daughter by Mr. J. A. Hall, of this city, has cured her of a cough of more than free months standing. I had thought her beyond cure, and had employed the best medical aid without any benefit. I can cheerfully recommend it to the public as a safe and sure remedy for those similarly afflicted, as I know of many other cases besides that of my daughter, that it has cured of long standing coughs.

Mr. Ward says:

Dr. Wishland — Sir: I had Bronchitis, inflammation of the Lungs, Shortness of Breath, and Palpitation of the Heart in their worst forms. I had been treated by several of the most eminent physicians in Philadelphia, but they could not stop the rapid course of my disease, and I had despaired of ever being isstored to health. I was truly on the verge of the grave. Your Fine Tree Tar Cordial was highly recommended to me by a friend. I tried it, and am thankful to say that after using four large and one small bottle, I was reviewed in perfect health. You can give reference to my house, No. 908 North Second street, or at my office of Receiver of Tares from \$4. M., to 2 r. M., corner of Chestnut and Sixth streets.

Asthme and Cough Cured.

The Pine Tree Tar Cordial gives instantaneous relief cases of Asthma and Whooping Gough. It often on whooping before it runs half its course, as it acts at or upon the phiegm and mucus, and expels them from throat, and the sufferer is relieved. In case of Ashma, a Dr. Wishart's Dyspepsia Pilis with the Gordial, as they have to be a known to fail to care that disease.

Dr. Wisharts Pine Tree Tar Cordial

will positively cure the following diseases: Consumption, if not beyond the power of medicine; Inflammation of the Lungs, Cougha, Sore Throat and Breast, Howelstite, Asthma, and an unfailing remedy for female complaints.

The above are a few among the thousands whom this great remedy has saved from an unitively grave.

We have never thousands of lotters from physicians and druggists who have prescribed and sold the Tar Cordisi, saying that they have never used or sold a medicine which gave such universal satisfaction.

REMEMBER THAT The Tar Cordial, when taden in connection with Dr. Wishart's Dyapopaia Pills, is an infallible cure for Dyapopaia.

Beware of Counterfeits ! The genuine has the mane of the proprietor and a pine tre-blown in the bottle. All others are spurious initiations.
